

TECHNOLOGY Construction Tutor Job Description

Reports to	Learning Area Leader (Holly Browne)
Key Relationships	Learning Area Leader Technology Department Staff Registered Teacher (TBC)
Annual Term of Engagement	Fixed-term Term time only Wednesday, 11 May - Friday, 28 October 2022
Remuneration	\$40/hour, 15 hours per week, including preparation time

OVERVIEW OF THE POSITION:

The Construction tutor will be responsible for the delivery of BCITO L2/L3 Construction.

The role will also include some teaching of Junior Technology (4 periods) and Gateway (4 periods).

The school will apply for a LAT (Limited Authority to Teach) for the successful applicant. If this is not forthcoming, then the Construction tutor role will be supported by a registered teacher during the timetabled lessons.

RESPONSIBILITIES:

- Deliver the pre-planned teaching programs for Construction
- Work with a high level of Health & Safety competence
- Prepare materials for construction as required
- Maintain technology equipment used with their own classes
- Ensure students prepare written/physical evidence for assessment.
- Ensure WC practises are embedded within the daily routine (relational practises, school routines, behaviour policies, documenting data on the school's LMS KAMAR). If necessary, this work can be carried out alongside the registered teacher.
